

KING
DURASTYLE
Custom Cabinet Door Program

A Lifetime of Function and Durability

King Plastic brings marine-grade toughness and designer styles to the building trades market.

King DuraStyle® Custom Cabinet Door program combines designer styles and state-of-the-art CNC fabrication. The cabinet doors are high humidity and moisture resistant and will never need painting or refinishing. Inside

or outside, the high-density polyethylene will not rust, delaminate or rot.

The King DuraStyle® Custom Cabinet Door Program includes 28 styles and 12 designer colors in the King StarBoard® ST line, or 22 styles and 5 wood grain finish colors in the King StarBoard® WG line. Custom styles, sizes, and colors are available upon request.

Custom Cabinet Door Program

- Genuine King StarBoard® ST material
- Genuine King StarBoard® WG material
- Custom made to your specifications
- High quality CNC work for cutting profiles
- Perfectly match your cabinetry
- Custom engraving available

SHAKER DOOR STYLES

The **Shaker** style is a classic and timeless design with its recessed panels to create a traditional or contemporary look.

King DuraStyle® Custom Cabinet Door Program combines King StarBoard® ST, the super tough polymer sheet, with designer styles and state-of-art CNC fabrication. The high-density polyethylene will not rust, delaminate or rot. King DuraStyle® doors work as well inside as they do in outdoor areas where there may be water, high humidity and moisture. They will never need painting or re-finishing.

Shaker doors come in 6 styles and 12 designer colors. Custom styles, sizes and colors are available upon request.

Outdoor Durability with Indoor Style

King DuraStyle® Custom Cabinet Door Program combines King StarBoard® ST, the original environmentally stabilized polymer building sheet, and King StarBoard® WG, the all-weather wood grain polymer sheet, with designer styles, and state-of-the-art CNC fabrication. King DuraStyle® doors are environmentally stabilized to withstand the harshest outdoor conditions. The doors will never need painting or refinishing.

The doors come in 28 styles and 12 designer colors in the King StarBoard® ST line, or 22 styles and 5 wood grain finish colors in the King StarBoard® WG line. Custom styles, sizes, and colors are available upon request.

Shaker style doors are not available in the King StarBoard® WG line.

Our Innovation. Your Imagination.

Not for Sale

Notes

Our Innovation. Your Imagination.®

King Plastic Corporation began as a small, family enterprise. Founded in 1968, King Plastic Corporation is a leading manufacturer of quality polymer sheets, slabs and massive shapes—including several products pioneered by the company. Its polymers are sold worldwide through a network of top plastics distributors to customers who fabricate products for the marine industry (King StarBoard® brand), signage, food service, healthcare, architectural, industrial and other markets. The company headquarters is a 250,000 square-foot manufacturing facility in North Port, Florida. The King family still maintains independent ownership and control. The same values that made the company so successful in the past still prevail today.
